Medicaid Renewal Instruction

Action Needed to Renew Your Medicaid Coverage for 2023: Don't Lose Your Benefits

Beginning this spring, New York State will no longer automatically renew the benefits for participants of Medicaid, Child Health Plus and Essential Plan and resume the regular eligibility review and renewal for people enrolled in these programs. If you do not complete the renewal application, you or a family member may be at risk of losing your health coverage. Here is what you need to do:

1. Make Sure You Have Provided Your Updated Address

If you are enrolled through NY State of Health, make sure that NY State of Health has your current mailing address, phone number, and email address so they can contact you about your health insurance. If you need to update your information, you can:

- Call the New York State Department of Health at 1-855-355-5777 (TTY: 1-800-662-1220)
- Log into your account at nystateofhealth.ny.gov and use the online portal
- Contact an enrollment assistor at <https://nystateofhealth.ny.gov/agent/assisors>

2. Submit Your Application on Time

When it is time to renew your health insurance, if you are enrolled through NYC Human Resource Administration or your county's Local Department of Social Services, you will receive a renewal packet sent from NY State of Health. This package will include renewal instructions and your deadline for renewal. Please follow the instructions received as soon as possible.

You can also complete your renewal online by going to nystateofhealth.ny.gov, creating an account, and submitting the renewal application through the online portal.

You can also talk to your health insurance community office, or contact your insurance broker, about renewing your coverage. Below is the contact information for the New York Community Offices of the major health insurance companies.
